4. BLD acknowledges the tremendous work our Good Lord accomplishes through our Mark 10, John 6, Youth, and Singles Ministries in their witnessing, praise and worship, and encounter weekends. Our young people are well trained in discerning appropriate song and are very sensitive to the role of music and lyrics in drawing the spirit into a deeper communion with the Lord.

Let us continue to affirm one another and rejoice and appreciate the variety of praise and worship songs used by members of the community. Let us focus on the lyrics, the joy of being in community, the love for one another, the thanksgiving overflowing in our hearts, the awe we feel in the presence of our Lord as we are joined together in the spirit of worship.
